

BREATH INSPIRE/EXPIRE

A virtual symposium

19 OCTOBER - 13 NOVEMBER 2020

Hosted by WiSER (Wits) and the Primary Health Care Directorate (UCT)

The symposium brings together academics, artists, activists and practitioners who work on the intersections of social sciences, humanities, health sciences, arts and activism to creatively think about the many ways that breath and breathing feature in our everyday lives.

The symposium features diverse presentation formats including academic panels; a virtual gallery featuring poetry, photography, film, and music; virtual workshops and keynote addresses.

Please join us for these events and our two keynotes:

Dr Ela Manga - Integrative Medical Practitioner on 30 October 2020

Prof. Jane Macnaughton - Director, Institute for Medical Humanities,
Durham on 12 November 2020
